

Accessing Implant Leaflet Online

Further information for patients

After surgery implanting a Smith+Nephew device, you were handed an envelope with implant card(s). Follow these steps to download a patient leaflet with more detailed information about your implant.

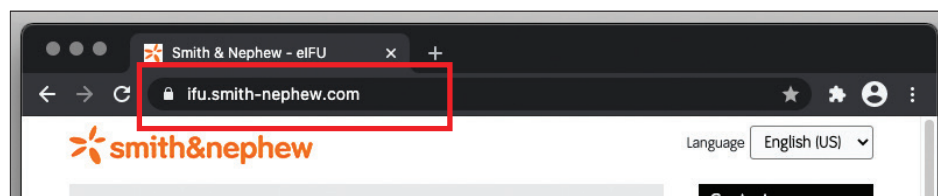

The leaflet is available on the Smith+Nephew Instructions for Use website. Follow these instructions to find, view, and download the Implant Product Information leaflet for your specific device.

Take your implant folder out of the envelope. Open the folder so your first implant card is visible.
