+ Power up your ASC

A unique experience, tailored to you

Our comprehensive ASC offering features leading partnerships, programs, and products – powered by a dedicated team of people committed to elevating your unique experience. Let's evolve your ASC together with Smith+Nephew's ASC Partnerships program.

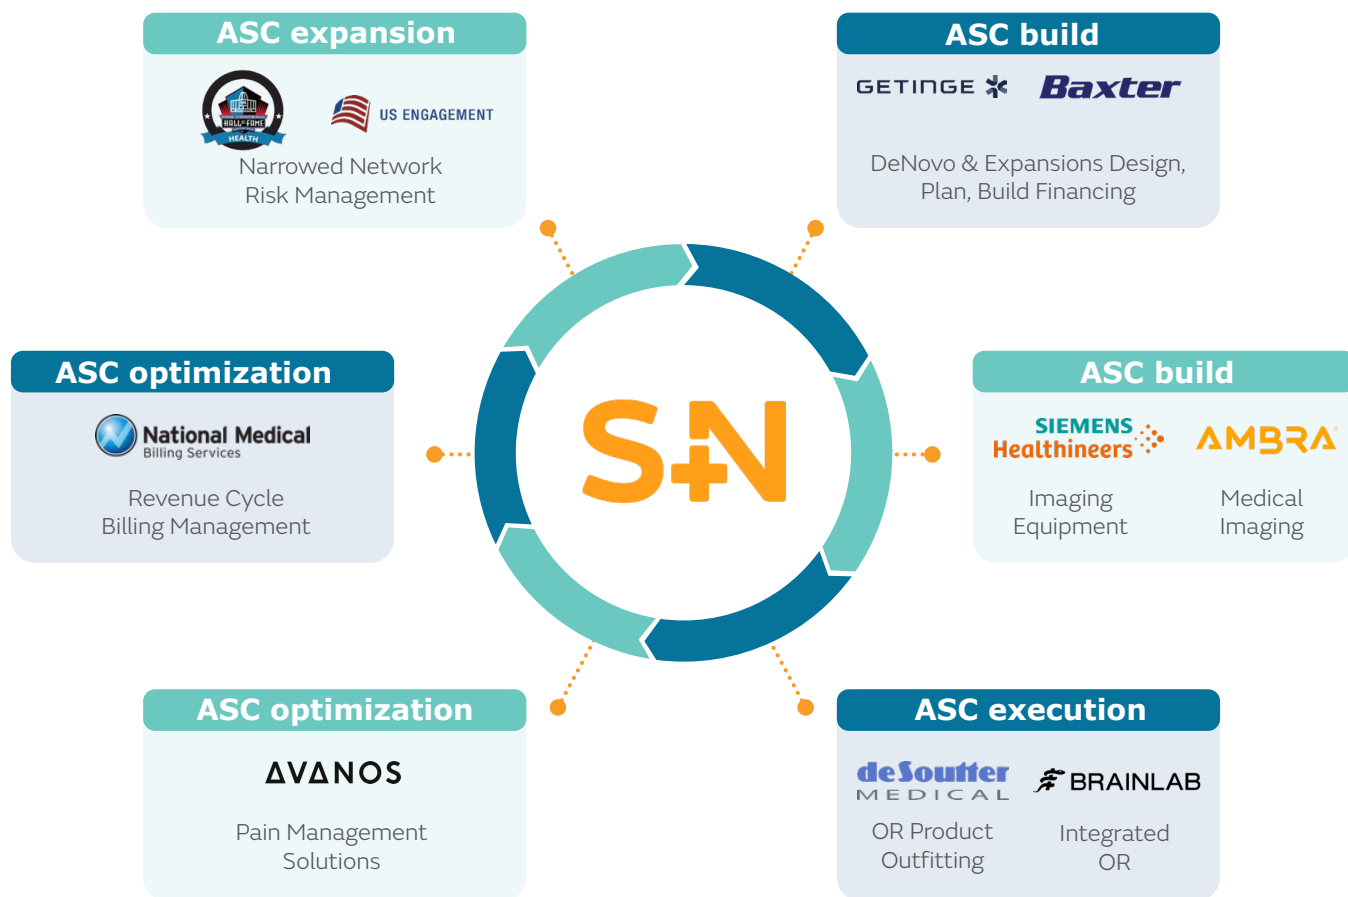

Smith+Nephew
ASC PARTNERSHIPS
Program

+ Power up your partnerships

Leading partnerships from medical equipment to building and billing management and much more

Our leading partnerships can provide you with various resources tailored to your preferences.

Whether you're at the very inception of your ASC journey, or are currently based in a surgical center, we offer a wide range of specialized collaborations across the spectrum of your ASC experience.

Power up your programs

Bring new levels of control and convenience with our creative programs

We can provide you with comprehensive training and flexible financial programs These include:

Outpatient Team Training (OTT)

Learn from clinical experts how to build a consistent, repeatable outpatient team training at your surgery center.

Outpatient Team Training enables surgeons and their ASC staff to learn how to establish a viable outpatient total joint program in the ASC setting and features:

- Peer-to-peer training for surgeons, anesthesiologists, and other facility staff
- Training to optimize patient selection, communication, and data collection
- Utilization of emerging technology and patient algorithms
- Tools to capture PROMs data
- Training on pain management protocols, patient flow, clinical efficiencies, and post-acute care

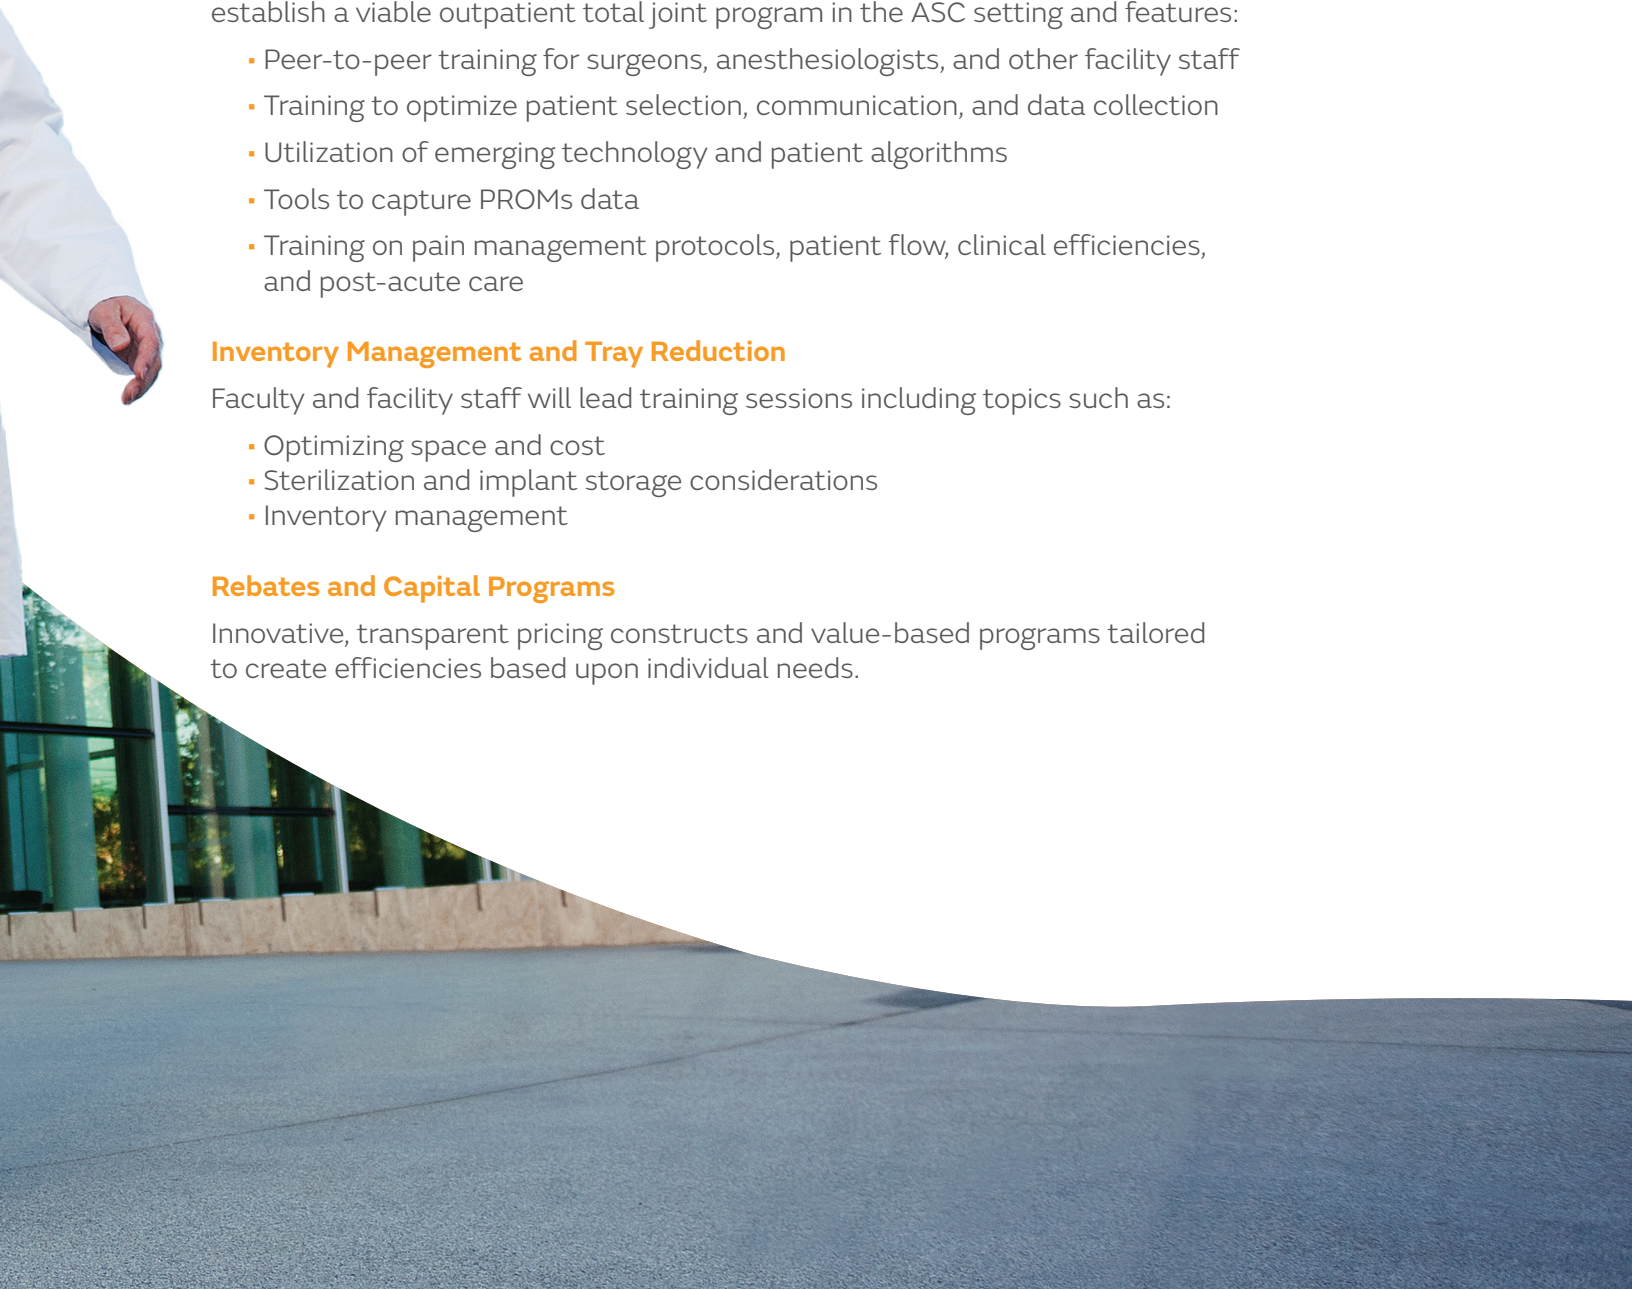

Inventory Management and Tray Reduction

Faculty and facility staff will lead training sessions including topics such as:

- Optimizing space and cost
- Sterilization and implant storage considerations
- Inventory management

Rebates and Capital Programs

Innovative, transparent pricing constructs and value-based programs tailored to create efficiencies based upon individual needs.

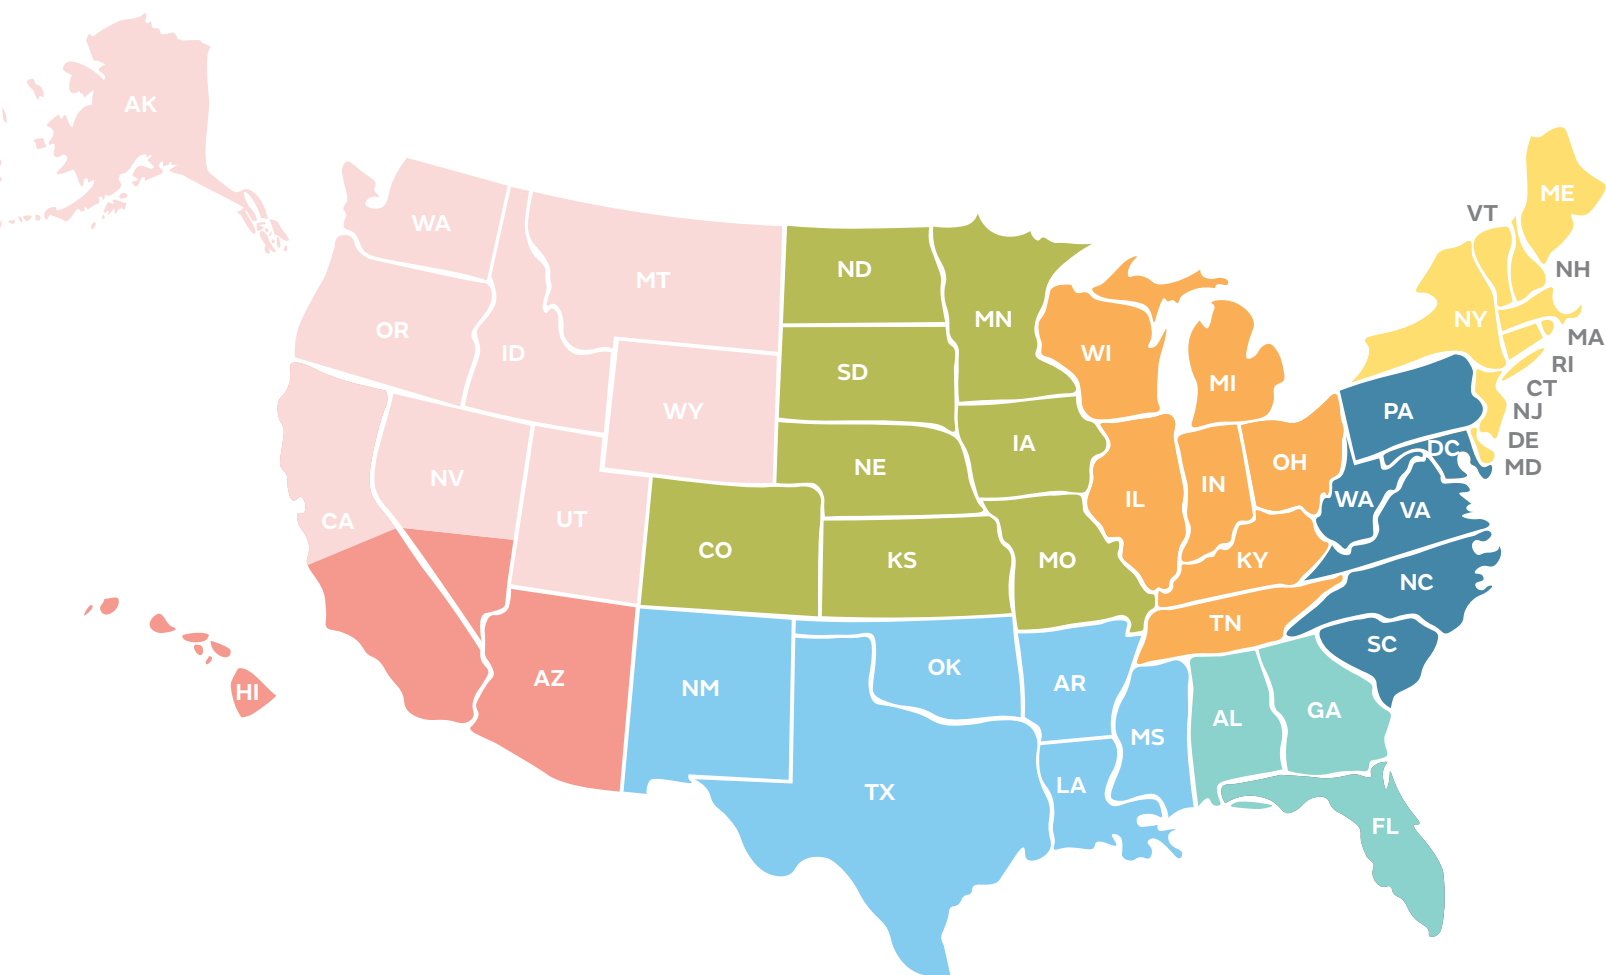

+ Power up with people

One dedicated team, one single point of contact

Led by a team of regional ASC Area Business Directors (ABDs) who exclusively focus on your center's needs, we've assembled a group of healthcare professionals ready to provide operations, capital, co-marketing, and technology support based on your needs.

Our ASC ABDs bring together world-class medical education programs and industry partners to serve as a single point of contact for all service line needs.

+ Power up with our products

Industry-leading products, portfolios and equipment across multiple specialties that can all be specifically curated

Ear, Nose & Throat
