

+ Lunch symposium

Addressing the continuum of care in Knee Arthroplasty through handheld robotics

Date: Friday 19 September

Time: 12:45 – 13:45

Room: 181

Faculty

Gijs van Hellemond

Orthopaedic Surgeon,
St Maartenskliniek Orthopaedic
Hospital Nijmegen, The Netherlands

Gareth Jones

Consultant Orthopaedic Surgeon,
Charing Cross Hospital, UK

Hilde Vandennewker

Orthopaedic Surgeon,
UZ Leuven, Belgium

Andrew Porteous

Consultant Orthopaedic Surgeon,
Spire Bristol Hospital, UK

Fiachra Rowan

Orthopaedic Trauma Surgeon,
UPMC Whitfield Hospital, Ireland

Time	Topic	Speaker
12:45	Opening remarks on CORI® Robotic System	Gijs van Hellemond
12:50	Addressing UKA challenges through handheld robotics • Why robotics/expanding indications and CORI workflow	Gareth Jones
13:00	Restoring the joint line in TKA from implant to technology • JOURNEY® II design, evidence, alignment and CORI experience	Hilde Vandennewker
13:10	Robotic Revision TKA • The Paradigm shift: How CORI can simplify revision surgery	Andrew Porteous
13:20	CORI meets emerging needs – PFJ tracking • Balancing the 3rd compartment	Fiachra Rowan
13:30	Q&A and closing remarks	Gijs van Hellemond
