CICAPLAIE[◇] STERILE

Low Allergy Adhesive
Wound Dressing

www.smith-nephew.com

CICAPLAIE [◇] STERILE Low Allergy Adhesive Wound Dressing is an absorbent wound dressing designed to have a low-adherent wound contact layer, and is easy to use and conforms to the contours of the body.^{*1,2}

Features and benefits

Ease of use

CICAPLAIE STERILE Dressing is easy to apply and designed to enable a clean technique when applying the dressing to the wound.³

Protects the wound

CICAPLAIE STERILE Dressing is composed of an adhesive layer which is designed to act as a barrier to help protect the wound against contamination and an absorbent pad to help manage exudate.²

Flexible³

CICAPLAIE STERILE Dressing is flexible, designed to adapt to patient movement and conform to highly contoured parts of the body.^{2,3}

Permeable to moisture vapour²

CICAPLAIE STERILE Dressing is permeable to moisture vapour to help prevent moisture build up underneath the dressing.²

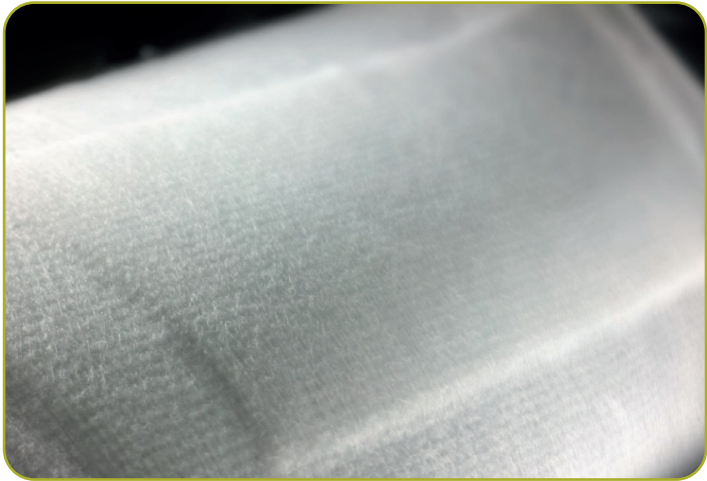

Minimised wound adhesion

CICAPLAIE STERILE Dressing has a non-adhesive wound contact layer which is designed to minimise adhesion to the wound.³

Indications

For use as primary wound dressings for:

- Post operative wounds
- Lacerations
- Cuts
- Sutured wounds

*As demonstrated in vitro

CICAPLAIE STERILE Dressing
