

# + PROSHIELD<sup>◊</sup> System: Helping to maintain skin integrity<sup>1-3</sup>

The PROSHIELD System\* is a gentle<sup>4</sup> and effective treatment for the management of moisture related skin damage, whilst also preventing and protecting skin from incontinence-associated dermatitis (IAD)<sup>1-3</sup>

PROSHIELD<sup>◊</sup>  
Skin Care

**Smith+Nephew**

\*The PROSHIELD System refers to the use of both PROSHIELD FOAM & SPRAY Cleanser and PROSHIELD PLUS Skin Protectant

# PROSHIELD<sup>o</sup> Foam & Spray Incontinence Cleanser

Helps maintain skin integrity when used as part of the PROSHIELD system<sup>1-3</sup>

**26%**

Contributed to prevention of pressure ulcers and IAD<sup>6</sup>

pH balanced<sup>9</sup>

Formulated to help eliminate odour<sup>10</sup>

- A study has observed a combined 26% reduction in the incidence of pressure ulcers and IAD when a comprehensive skin care regime\*, including the PROSHIELD system, was implemented<sup>\*1</sup>
- Rinse-free, which eliminates the need to scrub delicate tissue<sup>1-3,5</sup>
- Foam and spray modes
- For removing urine and faeces, dried blood, post-operative antiseptic solutions and other hard to remove debris from patients

# PROSHIELD PLUS Skin Protectant

Smooth, viscous and fragrance free moisture barrier<sup>6,7</sup>

Helps protect skin against IAD and moisture lesions<sup>2,3,8,9</sup>

Safe and effective for the management of moisture related skin damage<sup>2,8</sup>

Moisturises and conditions the skin<sup>10,11</sup>

- Easy to apply, remove and use<sup>11</sup>
- Helps maintain skin integrity by protecting skin from exposure to bodily fluids such as faeces and urine<sup>2,3,8</sup>
- Moisturises and conditions skin<sup>10,11</sup>
- Protects peri-wound skin<sup>2,3,8,9,10</sup>
- Helps prevent and temporarily protects chafed, chapped, or cracked skin<sup>\*\*12</sup>
